

July 27, 2018

Adam Grzybicki, President AT&T Ohio
150 E. Gay Street, 4th Floor
Columbus, Ohio 43215

Dear Mr. Grzybicki:

We write to you in support of a fair resolution in current contract negotiations between Communications Workers of America (CWA) D4 and AT&T.

Roughly 4,500 Ohio workers have been working without a contract since April 14, 2018. CWA Midwest and Legacy T workers want a fair contract that returns offshored or outsourced work and addresses employment security and the long term economic stability of the company, its employees and our state.

In a November 8th press release, AT&T CEO Randall Stephenson stated that AT&T would commit to investing an additional \$1 billion in the United States, should the federal tax bill be signed into law. He further stated that analysis suggested that such investment would result in the creation of 7,000 additional jobs.

Obviously, that federal tax legislation did become law. However, despite the passage of the federal tax bill, AT&T still laid off 1,500 American workers.

As members of the Ohio Legislature we are concerned about the economic health and security of the 19,000 employees and families that the Communication Workers of America represent in Ohio. We know that doing business in a competitive global marketplace can be a challenge for companies like AT&T, but we believe a cooperative effort can bring about a fair solution for all involved.

We encourage AT&T to continue to work toward an appropriate resolution that is fair to Ohio workers and enhances AT&T's long-term viability.

Sincerely,
