**SUPPORT THE U.S. CALL CENTER WORKER AND CONSUMER PROTECTION ACT
(H.R. 1300)**

OUR ECONOMY NEEDS GOOD JOBS NOW!

But U.S. companies are off-shoring call center jobs by the thousands, leaving communities devastated with job losses and lost financial investments.

OVERSEAS CALL CENTERS CAN PUT AMERICAN CONSUMERS AT RISK FOR:

- ▶ Identity theft
- ▶ Fraudulent Financial Transactions
- ▶ Mishandling of sensitive information including health records

THIS BI-PARTISAN BILL WILL:

- ▶ Deny taxpayer funded grants and restrict federal contracts to employers that relocate call center jobs to another country.
- ▶ Require call center agents to disclose their physical location.
- ▶ Give the consumer the right to be transferred back to a U.S. call center.
