

LaNell Piercy
For Administrative Seat
2018 Bargaining Team

I am running for the Administrative seat at the 2018 Bargaining Table.

I bring a broad range of representational experience & years of dedication to the members of CWA.

It is critical to have bargaining team members who have experience across the board on various functional articles, along with an understanding of the intent & meaning of language bargained in past contracts on all other articles.

- Union member since 1973 & currently serving my 9th term as Local 4252 President
- Administrative Seat for 2002, 2003, 2005, 2009, 2012 & 2015 bargaining with AT&T
- Currently a member of the Labor Advisory Forum

AT&T will fiercely pursue unrealistic demands threatening our contract. We need experienced bargainers to get what all our members deserve.

I am asking for your support & I'm firmly committed to our members who work for AT&T. I consider this a great honor & privilege to serve as the Administrative Seat at the bargaining table. If elected I will use the experience I have gained in all my years as a union representative to ensure we negotiate a just contract.

Thank you for your time & consideration.

In Unity,
LaNell Piercy
